Bowler Group: A pedigree of roofing supplies, contracting services and environmental systems expertise

Established in 1985, offering the highest levels of knowledge for all types of new build and restoration applications - and boasting an unrivalled local reputation right across the South of England – Bowler Group has grown to become the roofing specialist that architects, specifiers, smaller builders, self-builders and numerous leading housing developers turn to for all their roofing requirements. Split into four separate divisions, the Bowler Group comprises of Bowler Roofing Supplies, Tanner & Hall Roofing & Interiors, Bowler Roofing Contractors and Bowler Environmental Systems.

Committed to offering the very highest levels of customer service, Bowler Group regularly conducts customer satisfaction surveys and frequently achieves customer satisfaction scores of 95%. Not content to rest on its laurels, however, the objective of the Bowler Group is to achieve no less than 100% total customer satisfaction.

Bowler Roofing Supplies

From its branches in High Wycombe, Reading, Kings Langley, South Harrow and Weybridge, the Roofing Supplies Division of Bowler Group offers a wide range of roofing products and systems all supported by friendly, helpful, highly experienced personnel. Offering products from all major roofing solutions manufacturers – and always carrying a considerable on-site stockholding – each Bowler Roofing Supplies outlet has a dedicated fleet of crane and fork lift unload vehicles ready to deliver ex-stock goods to site within 48 hours, and provides customers with the benefit of real-time stock availability updates.

Restoration

Offering considerable experience in matching tiling – and with extensive weathered, reclaimed and salvaged stock – Bowler Roofing Supplies has also built up a considerable reputations for meeting all manner of restoration requirements. Heritage products specially selected for each branch's local area are carried and branches also hold exclusive UK franchises on imported materials.

Flat roofing

Flat roofing solutions provided by Bowler Roofing Supplies include products from Assa, Chesterfelt and Ruberoid. Flat roofing insulation solutions from Kingspan, Rockwool, Xtratherm and YBS are offered. Whilst the company also stocks leading pitched roofing products from Lafarge, Marley, Sandtoft, Cemex, Forticrete, Keymer and other leading providers. As part of their service to trade and domestic customers, Bowler Roofing Supplies also provides a full roof design package.

Eco Joists & Trussed Rafters

Bowler Roofing Supplies is also one of the very first roofing specialists to offer Eco Joists - a new flooring system of parallel stress graded timbers joined together with engineered 'V'-shaped steel webs. The latest addition to the division's portfolio of products, Trussed Rafters offer a highly cost effective solution and use as much as 40% less timber over traditional cut roofs.

Tanner & Hall

Established in Cambridge in 1953 – and now part of the Bowler Group of companies – Tanner & Hall provides the highest levels of roofing services, unrivalled expertise in the supply and installation of suspended ceilings, partitioning and acoustic solutions, plus a full range of refurbishment skills.

Tanner & Hall Interiors

Highly professional, approved by many leading manufacturers and committed to providing complete customer satisfaction, Interiors Division services include: practical advice regarding all specifications and installation criteria, the benefit of a fully qualified in-house Health & Safety manager plus comprehensive advice on suspended ceilings & partitions.

Media Information

Tanner & Hall Roofing

Well known across Cambridge, Tanner & Hall Roofing Division has earned an enviable reputation for quality, high standards and outstanding customer service. The company has immense experience in all types of roofing, ranging from private housing to retail units, supermarkets, commercial and industrial outlets and particularly the listed buildings of Cambridge University. The sympathetic approach to heritage products and the importance placed on maintaining the vernacular look of older buildings has also made Tanner & Hall the favoured choice for numerous highly sensitive installations.

Bowler Roofing Contractors

The acknowledged local roofing installation experts across Harrow, Reading and Cambridge, Bowler Roofing Contractors offers the totally reliable, reputable service for all commercial, industrial, domestic and sensitive heritage roofing needs. Offering immense financial stability – and levels of expertise stretching back over many years – Bowler Roofing Contractors are frequently the installers of choice for local authority, high-specification residential developments, self-build, hospital and care centre projects.

Bowler Environmental Systems

A recent addition to the Bowler Group, Bowler Environmental Systems Division offers a wide range of solar thermal hot water and photo voltaic solutions. Attractiveness, flexibility and combination capabilities are becoming just as important as state-of-the-art technology and Bowler supply the latest generation of solar installation technologies to meet the unique needs of domestic and commercial customers.

Designed to provide a lifetime of virtually maintenance-free use, high performance flat solar panels combine superior technology with supreme efficiency. Bowler are a registered Clearskies/low carbon building programme installer, meaning customers may be eligible for partial grant funding, interest free loans or tax incentives to help pay for installation.

Other Bowler Group Services

Bowler Roofing Advisory Service

Offering clients of all sizes the opportunity to call upon in-depth knowledge from a hugely experienced management team and highly skilled workforce, Bowler Roofing Advisory service is knowledgeable in all aspects of roofing materials – including slate, tiling, shingle, lead roofing, single ply membrane and bituminous flat roofing. Experienced roof window installation teams also operate from each branch.

Bowler Refurbishment & Maintenance Services

The sympathetic refurbishment of older roofscapes is another area in which Bowler Group excels. The service includes everything from complete refurbishment packages to tailored services ranging from basic re-pointing of chimney stacks to general roofing timber repairs, the supply and fit of essential rainwater systems, uPVC Fascia and Soffit Systems and the treatment of roof timbers.

Health & Safety

The Bowler Group is dedicated to achieving a workplace that is free from injuries and work related illnesses. Bowler Group is a Member of The British Safety Council and a Member of The National Federation of Roofing Contractors. The group has also achieved numerous safety awards, including the National Federation of Roofing Contractors Safety Award and the International Safety Award.
